ADVANCED FURNITURE TESTING

The New Benchmark in Certification

Who is Advanced Furniture Testing?

Advanced Furniture Testing is an accredited independent laboratory which tests commercial and education furniture to specific Australian and international furniture standards.

In its mechanical testing laboratory, Advanced Furniture Testing conducts tests using specialised technical apparatus which simulate real-life use and foreseeable misuse for many types of furniture.

Advanced Furniture Testing is accredited by the National Association of Testing Authorities (NATA). It is authorised to test and certify furniture to 14 international furniture standards and is regularly audited by NATA to ensure a high level of technical competence and integrity.

Certification = Reduced Risk = Peace of Mind

The most technologically advanced furniture testing laboratory in the Southern Hemisphere.

Empire has Australia's largest selection of tested & certified education furniture.

NATA ACCREDITED LABORATORY

National Association of Testing Authorities, Australia
(ABN 59 004 379 748)

has accredited

Hawa Dane Pty Ltd
Advanced Furniture Testing

following demonstration of its technical competence to operate in accordance with

ISO/IEC 17025

This facility is accredited for the tests shown on the *Scope of Accreditation* issued by NATA

Jennifer Evans
Chief Executive Officer

Date of issue: 19 March 2018
Date of accreditation:1 February 2018
Accreditation number: 20299

NATA is Australia's government endorsed accreditor of laboratories, and is a leader in accreditation internationally. NATA is a signatory to the international mutual recognition arrangements of the International Laboratory Accreditation Cooperation (ILAC) and the Asia Pacific Laboratory Accreditation Cooperation (APLAC).

It's Easier With Empire!

Empire Furniture has been supplying educational and school furniture in Australia for 40 years. We understand that this special application requires robust furniture which will withstand the heavy usage of students everyday.

Our Education range is independently tested and certified to specific Australian and international furniture standards. This guarantees Australia's safest and strongest furniture with an extensive warranty.

For exceptional customer service, and all your furniture needs contact Empire first!

Credentials

We are thrilled to be one of the Preferred Suppliers for Office, Education and Health Furniture, Government- DET QLD SOA 68449.

Empire Office Furniture is an approved supplier for the NSW Government, under the Office and Education Furniture Contract No. 771. Empire is one of the "Tier 1" suppliers approved to fulfil orders up to and above $150,000. Empire is approved to supply furniture from 12 product categories, across all NSW regions.

Supporting Indigenous Manufacturing

YINDI

YINDI Manufacturing was established in 2022 as a First Nations manufacturer in the office furniture sector supply chain in Australia.

YINDI means Mother in Yolngu (North-East Arnhem land) language and is a kinship term referring to the connection that the Australian Aboriginal clans have between themselves.

YINDI's vision is to build socioeconomic independence for First Nations people through employment opportunities.

JIMMYPIKE

Walmajarri Aboriginal artist, Jimmy Pike (1940-2002) was born east of Japingka, in the Kimberley region in Western Australia.

Taking flora and fauna inspiration unique to his Australian desert life, Jimmy Pike utilised whatever medium he needed to express his stories in his art, and not necessarily traditional ones. Lino printing was a favourite medium and he had a passion for the vibrancy of felt tip pens.
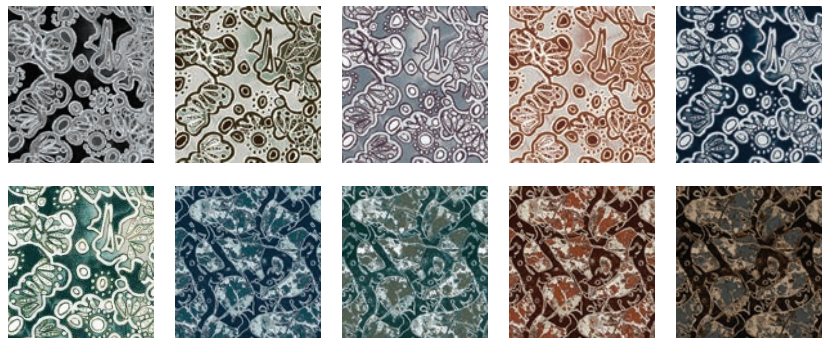

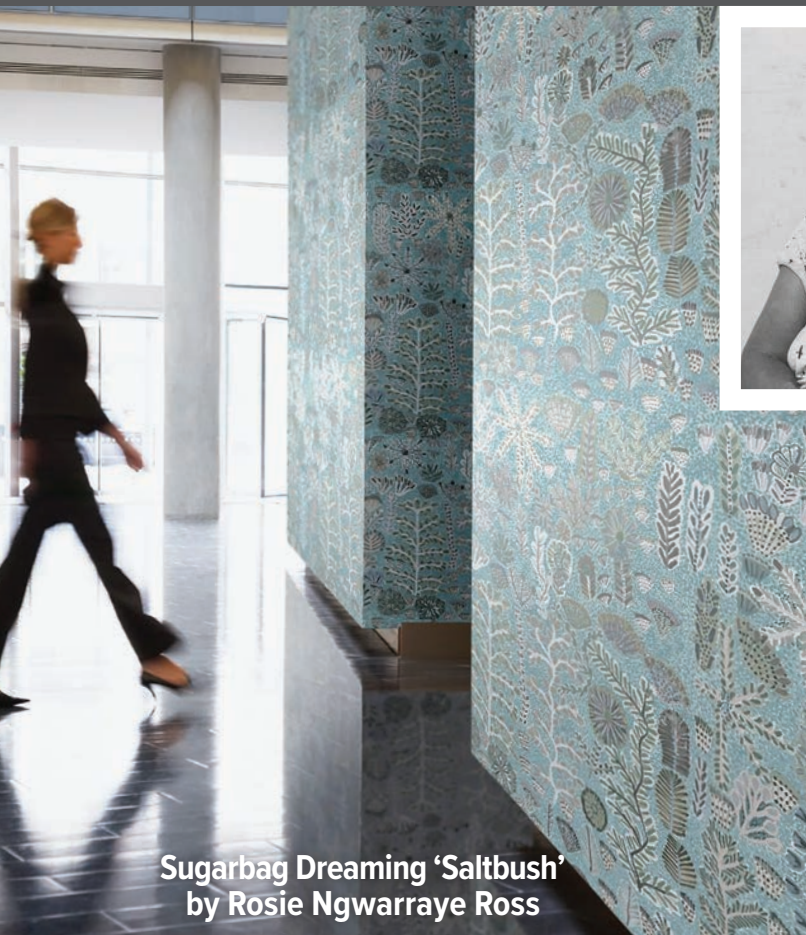

Robyn Caughlan™
BY materialised

Robyn Caughlan is a warm, spiritual, creative soul "blessed with a multicultural heritage" – her father originating from Ireland, and Aboriginal mother from the Darug and Darkinjung lineage in NSW.

Her journey into art began at the age of 30 and has "filled a void in me that I thought would never be filled."

Robyn's contemporary Aboriginal style is re-imagined through furnishing textiles and wall covering, with her first Materialised collaboration, Dream.

Autex Acoustics®

Rosie Ngwarraye Ross

Born in 1951 near Amaroo Station, Northern Territory, Rosie depicts the bush medicine plants and wild flowers from around her country near Ampilatwatja.

She has a bold expressive style and often omits the sky from her compositions, combining both aerial and frontal views. Sugarbag is a name used for both the honey made by the native bees and also for the sweet nectar that comes from the big yellow flowers of the 'tarrkarr' trees.

Other Designs by:

Kathleen Korda	Osmond Kantilla
Annunciata Nunuk Wilson	Susan Marawarr
Jean Baptiste Apuatimi	Lee-Anne Williams

WILLIE WESTON

Uniting contemporary First Nations design and acoustic functionality, the **Autex Acoustics® x Willie Weston** collection has been curated for education, government and commercial spaces.

Locally manufactured on Cube™ and Quietspace® Panel, the range is comprised of eight designs in 21 colourways and is entirely carbon neutral.

The specification of each design contributes to fair and equitable income for each artist via Willie Weston, a profit-for-purpose business working in partnership with First Nations artists to support the integration of contemporary First Nations design into the built environment.
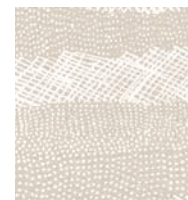

Features:

- **Carbon neutral**
- **NRC 0.45 - 0.85**
- **Available in 6 mm, 12 mm, 24 mm, and 25 mm thicknesses**
- **Available in 2400 mm, 2700 mm, and 3000 mm lengths**
- **Group 1 fire rating**
- **Safe, water-based, UV cured ink**
- **Locally manufactured in Australia**

- Each Tile is 600mm x 600mm (12mm)
- Custom designs also available

We also offer a range of Acoustic Ceiling Hung solutions. Please enquire.

Empire Projects Division

Empire has an experienced and dedicated Major Projects team which ensures the smooth flow of all fit-out processes.

Our Project Managers plan, organise and oversee the fit-out from sign-off through to completion.

Empire's Interior Designers will create a functional spaces to meet your requirements. Our in-house studio produces a large range of resources from preliminary 2D and 3D renders of your fit-out to manufacture and installation drawings.

Well versed in working with architects, builders and contractors, we use only accredited installation teams.

With a wealth of education experience, we can project manage the entire process for you. It's time to take the stress out of school fit-outs.

Flexible Furniture For Modern Learning

The modes for future learning highlight different ways in which learning occurs. These spaces need to be flexible and adaptable, and easy to rearrange so the learners can move from an entire group setting, to smaller collaborative groups and individual settings easily.

Understanding Key Learning Styles

Learn on my Own

Independent Learning

Private learning spaces where students can think, reflect and apply their learning.

Students develop creativity and intellectual curiosity.

Based on the 'Cave' Archetype. The furniture in these spaces places emphasis on acoustic and visual privacy to help students focus on independent work.

Learn with Others

Collaborative Learning

Enhanced learning through group work to encourage communication and collaboration.

Students are able to share ideas and develop problem solving and reasoning skills.

Based on the 'Watering Hole' Archetype. The furniture in these spaces is mobile and easily reconfigurable to easily allow movement to different configurations.
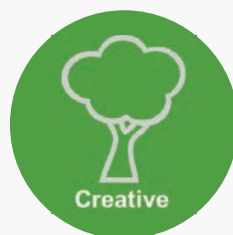

Learn from an Expert

Guided Learning

Focused learning from a presenter whether that is a teacher or peer.

Students develop listening and communication skills.

Based on the 'Campfire' Archetype. These areas are generally furnished with soft seating but a 'campfire' configuration can also be achieved using desks and tables.
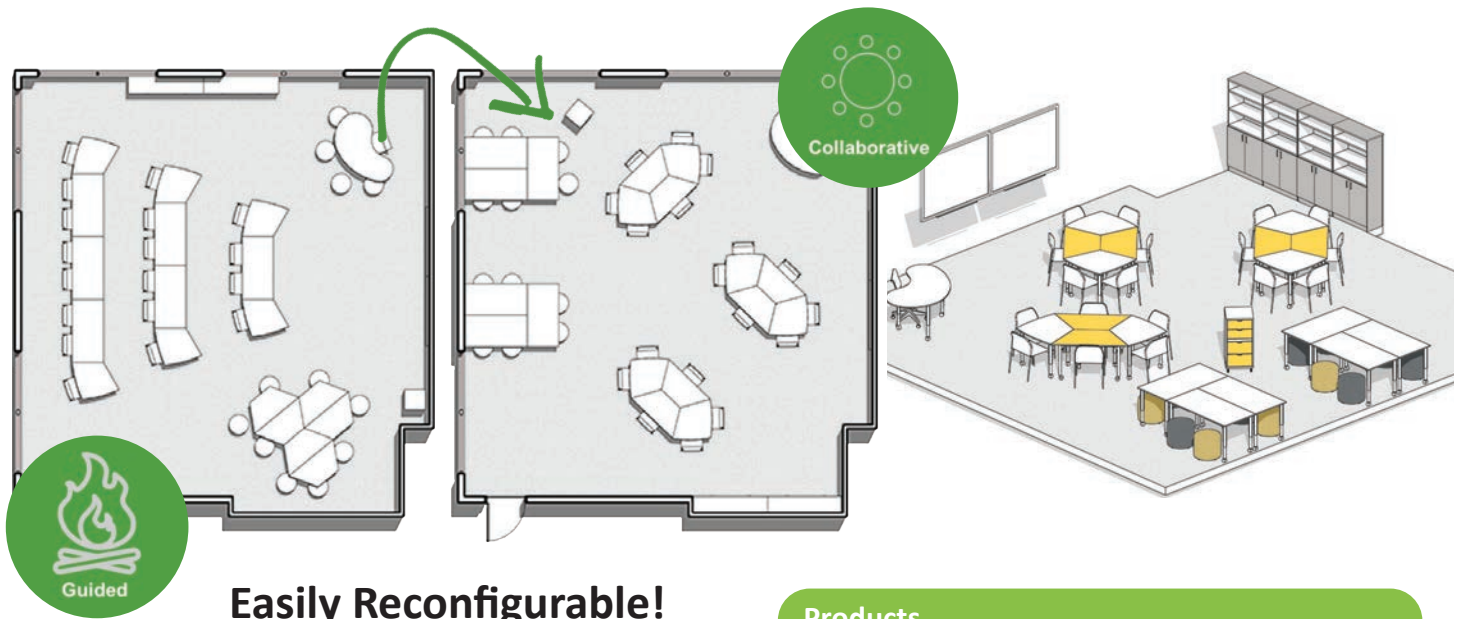

Make, Explore and Investigate

Creative Learning

Allows students to build knowledge and develop skills using creative techniques.

Allows students to develop their own unique learning styles as well as outside the box thinking.

▶ EDCO Cantilever Chair

Modern ergonomically designed cantilever chairs absorb the bounce of active children, so teachers don't have to. The robust seat surface is easy to clean and resists scratches. The C-frame makes raising the chairs on desks and tables quick and safe. Glides provide stability and protect floors from abrasion.

A convenient grip hole in the seatback makes carrying this lightweight chair effortless.

Born from the collaborative efforts of architects, interior designers, educators, product designers and furniture manufacturers, Edco chairs are the result of years of research into the movements, habits, uses and misuses of students.

These insights have led to the careful selection of materials, ergonomic design and durable construction that make Edco chairs an ideal student seating solution.

Edco chairs maximise sustainability and minimise maintenance costs with replaceable glides, shells and frames.

Lasso Taper Layout Options
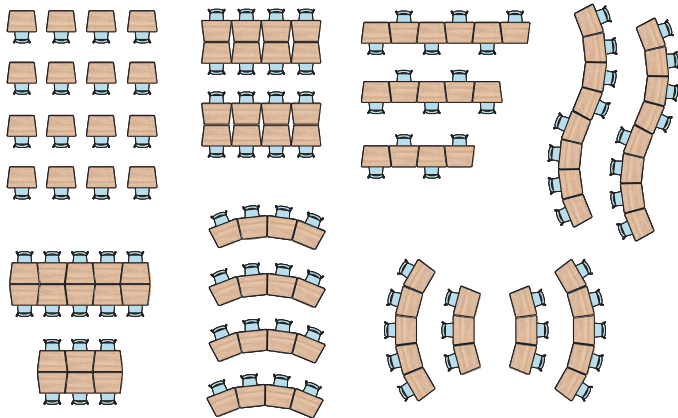

Lasso Shield Layout Options

Many table settings are not adaptable to changing demands and educators are forced to work around their furniture's limitations.

It was this design flaw which inspired the innovation of our Acer Table Range. Facilitating vast permutations of table configurations in both individual and group-use contexts, our Acer Tables are perfect to liven up and improve the functionality of your space. The range includes fixed, mobile, height-adjustable and flipping frame systems, and modular top shapes that can evolve to include multiple users on demand.

The strength and flexible nature of our frame systems have enabled us to produce highly unique tables, to the extent that if you have a custom table shape in mind, we are confident our frame systems can bring your idea to life!

Check out the quality of our Acer Tables! They're flexible and strong, perfect for sustained use in any interior environment!
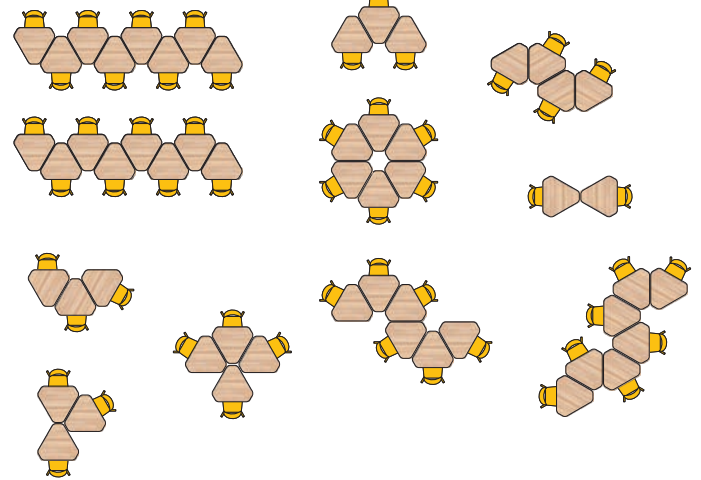

ACER LEG AVAILABLE IN SILVER OR BLACK RIPPLE

Push-Pin Height Adjustable

With high-strength 1.6mm gauge steel and a high tensile push-pin system, our legs allow 5 different table height options, without sacrificing product stability or integrity. The Acer leg has a 60mm diameter (far superior to similar products at 40mm) ensuring no movement or rattle.

Mobile Lockable Wheels

Standard with mobile, height adjustable and flipping frames, our mobile castors make reconfiguration a breeze - once you've found the perfect spot, simply lock the castors and you're set!

Optional Glides

Glides can be interchanged with castors. All height adjustable tables are available with four glides or as a combination of two glides and two castors.

Core

Extended

Top Quality Laminates and ABS Edging

Our table tops come standard with quality laminate finishes and high-impact ABS edging, to ensure that your top withstands your day-to-day activities, with little sign of wear.

▶ PODZ Ottomans

Does your space require furniture that can endure use by large volumes of people, and stand the test of time? Do you want something new and funky to inspire learning, whilst complying with OH&S standards?
We've got you covered!

Usually it's hard to find affordable innovative furniture with commercial-grade construction, but it just so happens that all of our Modular Furniture Range answers to the requirements for high-demand work spaces - **in fact we believe we have the strongest modular ottomans available on the market**. Innovation and quality, we feel, is the most important criteria a furniture item should aspire to. And this is reflected in our products, whereby all of our Modular Furniture Range has been over-engineered to ensure customer comfort and satisfaction.

So just how good is our product quality? Well, just have a look at what goes on inside one of our Round Ottomans!

Heavy-duty MDF Internals

The internal construction of our ottomans consists of heavy-duty "E0" MDF panels to eliminate any chances of structural failure, for assured safety during use.
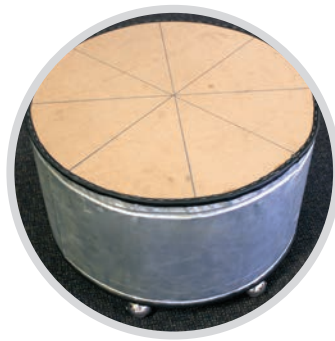

Smooth Finish

The "E0" MDF internal is reinforced around the sides, promoting a smooth consistent finish that is hard to damage.

High-grade Vinyl & Foam

All internals are encapsulated within a foam sleeve covering both the seat surface and sides. This is then complemented by vibrant commercial vinyl with reinforced double stitching.

Chrome Ball Castors

Finally, all of our Modular Ottoman products come standard with our state-of-the-art chrome castors, answering to OH&S requirements for easy relocation, whilst delivering on looks.

The beauty is in the detail

The unique Sunrise thread decoration brings spirit to the whole design.

The insertable and moveable shared armrest enables arm support wherever you sit.

Topped off with timber legs and a coffee table, the Sunrise style exudes quality.

FOCUS

DEMONSTRATE

REFLECT

MOTO RANGE

21st century pedagogy is driven by positive teacher/student relationships. Paramount is the focus on individual student needs within conducive and inspiring environments.

By adopting Empire's flexible furniture solutions, you don't need to build a new building to reshape your learning environment. Empire's furniture is specifically designed to ensure learners remain engaged across the all learning modes.

We create spaces to collaborate, to demonstrate, to experiment, to focus, to reflect and to communicate.

COMMUNICATE

MOTO FELT

Available in 10 colours our Moto Felt is designed for heavy commercial use (100,000+ martindale rubs) and provides excellent sound absorption.

Great Dividers are a brand new rolling wall system for flexibly dividing space and providing effective visual and acoustic barriers. While providing excellent space division, when not being used they simply fold up and roll away in seconds into a compact and storable unit. Great Dividers are a completely modular system allowing you to add panels to create the length of divide you need, up to 7.5 metres long. For even longer configurations units can be ganged together.

- Dividers come in two heights: 1820mm high (6 foot) or 2438mm high (8 foot)
- Wall panels available in Blue fabric or a pair of dry-erase whiteboard
- Fabric panels are pinnable with a soft substrate, which also aids sound attenuation

A Great Divider Starter Set - complete and ready to use or ready to be added to with add-on panels
- 3 wall panels (2 x 850mm & 1 x 820mm wide)
- 2 perpendicular end panels (700mm wide)
- End panels include locking casters for added stability

B Great Divider Add-on Panel
C
- Come in hinged pairs with each panel measuring 820mm wide
- 2 heights: 1820mm high (6 foot) or 2438mm high (8 foot)
- Optional dry-erase whiteboard features a high pressure laminate dryerase surface that provides smooth writability, easy erasability and exceptional durability

- Up to 3 pairs of Add-on panels can be joined to each Starter Set to create large-format flexible walls, up to 7.5m long
- Longer configurations units can be ganged together - please enquire

SAFEHOOK

With a recessed design, the Safehook is the perfect option for a safe bag hook unit with not protruding hooks.
The Safehook is designed for schools with a high level of wear and tear ideal for heavy traffic.

• 177H x 480W x 45Dmm
• 3 colours - Beige, Black and White
• 4 hooks per unit
• Safe recessed design with no protruding hooks
• Designed for schools
• Flame retardant
• UV Stabilised allowing for internal or external application
• Wall fixing kit and instructions included with each unit

CODE SAFEHOOK

A hook that is safe, strong and looks good.

STORAGE IS VITAL.

Efficient storage is vital for two key reasons - security of personal items and creating order in shared spaces.

With every space being different, whether at work, in learning spaces or at home, storage requirements can vary significantly.

For this reason we've designed our storage range to provide flexible options for diverse spaces.

We do customised lockers!

it's easier with
empire
education furniture

You can create your own unique locker installation in three simple steps:

1

Choose Locker Body
Select from 5 different locker "footprint" sizes - A series, B series (deepest unit), C series (widest unit), D series (narrowest unit), and the E series. All are available in 1-9 hinges.

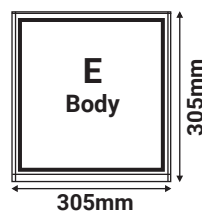

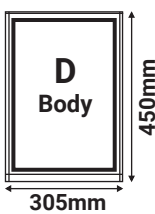

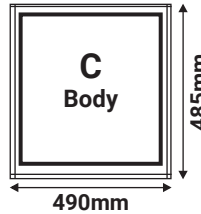

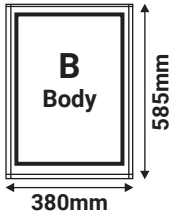

A Series	B Series	C Series	D Series	E Series
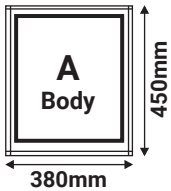

A Body 450mm 380mm	B Body 585mm 380mm	C Body 485mm 490mm	D Body 450mm 305mm	E Body 305mm 305mm
Suits the small door. Avail. 1-9 hinge	Same width as A but deeper body. Avail. 1-9 hinge	Wider body for wider door. Avail. 1-9 hinge	Narrowest body. Avail. 1-9 hinge	Same width as D but shallower body. Avail. 1-9 hinge

Choose Locker Height
Choose from 1 - 9 hinge heights. You can select how many separate lockers you want to have in a single body. Every locker body size comes in 1 to 9 hinge options.

2

All locker body footprint sizes available from a single hinge through to 9 hinges

3

Choose Locker Door(s):
Choose from 1 - 9 hinge heights. You can select how many separate lockers you want to have in a single body. Every locker body size comes in 1 to 9 hinge options.

Accessories

1. Sloping Top
2. USB Cable
3. Pad-Lockable L-Shaped handle
4. Combination Locks
5. Key Lock Coin retain or Coin return locks.
6. Garment Hook
7. Shelf with hanging rail.
8. Additional Shelves
9. Customisable Steel Number Plates
10. Kicker Base

▶ Plastic School & Phone Lockers (FSP®)

FSP® Plastic Lockers (Aus. Pat No. 2011903047) have unique advantages over lockers made from traditional materials such as wood, laminate and metal, here are some:

- UV stable with a huge range of anti-fade colours to choose from
- Lightweight & stackable so they are easy to move and install
- The lockers are made of Heavy Duty Polyethylene with a high-grade stainless steel hinge - so they are perfect for wet areas, coastal locations and the outdoors
- Quieter than metal or timber lockers, no banging doors
- Graffiti is easier to remove - no painting required
- Easy to clean and lowest maintenance, just hose them out!
- Proven strength and durability
  - backed by a 15 year warranty
- Options: Sloping top, kick base, number plates, hanging rails/hooks & USB cable

HUGE colour range!

SICO® 1800 Series Stage

Each section of our mobile 1800 Series Portable Stage is designed to be handled and set up by just one person, creating significant time savings and minimal effort for you.

One Person Set Up

Compact Storage Profile

The Original All In One

Preferred by Australian schools for over **3 decades** for its all in one design and ease of use. The SICO 1800 Series Stage is the original all in one unit.

SAVE TIME
Time saving, all in one unit - No loose parts to assemble. One person operation - Easily rolls from storage areas out into use.

VERSATILITY
One stage, multiple configurations. From speaker platforms to a tiered riser set ups, the adjustable height option provides build in versatility.

WIDE RANGE OF ACCESSORIES
Customise your set up preferences including steps, guardrails, drapes and wheel chair accessible ramps.

Preferred By Aussie Schools For 30 Years!

4 x 4 Step Harmony Choral Risers

Reverse Steps without Tools

These innovative risers have a quick reverse-step system that makes it easy to change your riser configuration from the traditional semi-circular arrangement to straight or other interesting combinations—without tools! Use this feature to build unique configurations for show-choir, or double-choir concerts.

SICO Harmony Choral Risers - Standard Grey Carpet		
Riser Size	Unit Height	Code
3 Step Riser	1840W x 1410D	CHOR03
4 Step Riser	1980W x 1840D	CHOR04
Side Guardrail Set (2)	Made to fit	CHORGR01

Roll In The Risers!

SICO® Harmony Choral Risers offer quick configuration changes and are easy to transport.

- Each self-contained 3 or 4 step unit rolls into place, lower the steps with one fluid motion to the floor, lock it to the next unit, and you are ready to sing.

- Contact feet prevent sliding of risers as performers move around.

- Rear security guardrails come standard and are permanently attached to the back row of each riser.

- Transport and storage is easy for staff with no loose parts to disassemble.
