HILTON RECEPTION DESK

Minimalistic yet luxurious, our new designer reception range will captivate and impress at every glance. The unique "Ink-Line Groove" design creates the illusion of a timber batten look... the perfect finishing touch to a contemporary design.

- Image shown in Natural Oak and AbsoluteMatte® White melamine (also available in AbsoluteMatte® Black)
- Available in 50 melamine colours - please enquire
- 900D x 1100H

Citi Desks and Screens

Creating an architecturally inspired workspace is now easier with Empire!

The Citi system offers style, uncompromising strength and practicality. The range includes everything you need for a complete office desk and storage system, including add-on elements like divider screens and cable management. Solid steel frame construction and support beams prevent bowing and ensure maximum stability. All Citi items include a 10 Year warranty.

10 YEAR WARRANTY

1. Determine the number of users and desk layout

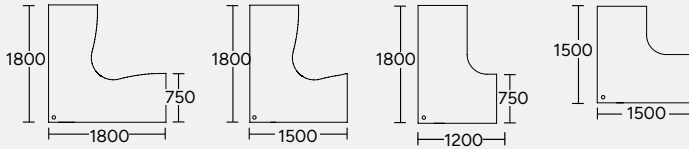

Desks are available in a variety of shapes and sizes and can either be utilised as single desks or combined into a myriad of settings to suit your space.

WORKTOPS - STRAIGHT

Straight worktops offer choice of 2x cable caps or scallop cable entry

WORKTOPS - L-SHAPE

STANDARD COLOURS AND FINISHES:

2. Choose the leg system

Citi is available in standard "50/50" straight legs or contemporary "Loop" and "A-leg" frames. Full fabric panel systems can also be utilised instead of legs - these are called 'Divided' systems.

50/50

LOOP LEG

A-LEG

3. Determine divider screen requirements

The Citi system offers standard Citi divider screens that can be mounted on top of desks or noise-reducing acoustic solutions in the "Acoustico" screens. Alternatively, full height Citi panel screens run from the floor to above the desk, while 'Divided' panel screens go one step further and utilise screens as legs, therefore negating the need for actual 'legs' on the desks.

DESKTOP SCREEN

FULL SCREEN HEIGHT

4. Determine cable management requirements

Soft wiring, modular wiring or 'plug & play' wiring enables the easy use and re-use of electrical wiring components when installing or re-configuring commercial office workstations without the waste associated with hard-wiring.

ALSO AVAILABLE IN NOISE REDUCING ACOUSTIC SCREENS

EDCO CANTILEVER CHAIR AND STOOL

Modern ergonomically designed cantilever chairs absorb the bounce of active children, so teachers don't have to.

The robust seat surface is easy to clean and resists scratches. The C-frame makes raising the chairs on desks and tables quick and safe.

Glides provide stability and protect floors from abrasion.

A convenient grip hole in the seatback makes carrying this lightweight chair effortless.

NOISE REDUCING ACOUSTIC WALL PANNELLING

Uniting contemporary First Nations design and acoustic functionality, the Autex Acoustics™ x Willie Weston collection has been curated for education, government and commercial spaces.

Locally manufactured on Cube™ and Quietspace® Panel, the range is comprised of eight designs in 21 colourways and is entirely carbon neutral.

The specification of each design contributes to fair and equitable income for each artist via Willie Weston, a profit-for-purpose business working in partnership with First Nations artists to support the integration of contemporary First Nations design into the built environment.

PLEASE CONTACT US FOR A CUSTOM QUOTE

Features:

- Carbon neutral
- NRC 0.45 - 0.85
- Available in 6mm, 12mm, 24mm, and 25mm thicknesses
- Available in 2400mm, 2700mm, and 3000mm lengths
- Group 1 fire rating
- Safe, water-based, UV cured ink
- Locally manufactured in Australia
