The Empire Process

Consultation

We listen carefully to understand the vision for your spaces

Design

We work alongside your team to ensure solutions are as per your vision

Visualisation

We work with our design team who will create 2D & 3D renders to enable you to visualise your spaces

Implementation

Our team supports you in every aspect of the journey from planning, production, delivery, placement and removal of rubbish

After Sales Service

This is not the end of our journey with you - we are only a phone call away, with a dedicated account manager appointed to your school

Index

It's Easier With Empire!

Empire Furniture has been supplying educational and school furniture in Australia for 40 years. We understand that this special application requires robust furniture which will withstand the heavy usage of students everyday.

Our Education range is independently tested and certified to specific Australian and international furniture standards. This guarantees Australia's safest and strongest furniture with an extensive warranty.

For exceptional customer service, and all your furniture needs contact Empire first!

Credentials

One of the Preferred Suppliers for QLD Government Furniture & Emergency School Furniture. Whole of Government SOA – QED 104526

Empire Office Furniture is an approved supplier for the NSW Government, under the Office and Education Furniture Contract No. 771. Empire is one of the "Tier 1" suppliers approved to fulfil orders up to and above $150,000. Empire is approved to supply furniture from 12 product categories, across all NSW regions.

Supporting First Nations Artists

YINDI

YINDI Manufacturing was established in 2022 as a First Nations manufacturer in the office furniture sector supply chain in Australia.

YINDI means Mother in Yolngu (North-East Arnhem land) language and is a kinship term referring to the connection that the Australian Aboriginal clans have between themselves.

YINDI's vision is to build socioeconomic independence for First Nations people through employment opportunities.

JIMMY PIKE

Walmajarri Aboriginal artist, Jimmy Pike (1940-2002) was born east of Japingka, in the Kimberley region in Western Australia.

Taking flora and fauna inspiration unique to his Australian desert life, Jimmy Pike utilised whatever medium he needed to express his stories in his art, and not necessarily traditional ones. Lino printing was a favourite medium and he had a passion for the vibrancy of felt tip pens.

Robyn Caughlan™
BY *materialised*

Robyn Caughlan is a warm, spiritual, creative soul "blessed with a multicultural heritage" – her father originating from Ireland, and Aboriginal mother from the Darug and Darkinjung lineage in NSW.

Her journey into art began at the age of 30 and has "filled a void in me that I thought would never be filled."

Robyn's contemporary Aboriginal style is re-imagined through furnishing textiles and wall covering, with her first Materialised collaboration, Dream.

Supporting First Nations Artists
Sugarbag Dreaming 'Saltbush'
by Rosie Ngwarraye Ross

Rosie Ngwarraye Ross

Born in 1951 near Amaroo Station, Northern Territory, Rosie depicts the bush medicine plants and wild flowers from around her country near Ampilatwatja.
She has a bold expressive style and often omits the sky from her compositions, combining both aerial and frontal views.
Sugarbag is a name used for both the honey made by the native bees and also for the sweet nectar that comes from the big yellow flowers of the 'tarrkarr' trees.

Other Designs by:

Kathleen Korda	Osmond Kantilla
Annunciata Nunuk Wilson	Susan Marawarr
Jean Baptiste Apuatimi	Lee-Anne Williams
Jean Ngwarraye Long	

WILLIE WESTON

Uniting contemporary First Nations design and acoustic functionality, the Autex Acoustics® x Willie Weston collection has been curated for education, government and commercial spaces.

Locally manufactured on Cube™ and Quietspace® Panel, the range is comprised of eight designs in 21 colourways and is entirely carbon neutral.

The specification of each design contributes to fair and equitable income for each artist via Willie Weston, a profit-for-purpose business working in partnership with First Nations artists to support the integration of contemporary First Nations design into the built environment.

Features:

- Carbon neutral
- NRC 0.45 - 0.85
- Available in 6 mm, 12 mm, 24 mm, and 25 mm thicknesses
- Available in 2400 mm, 2700 mm, and 3000 mm lengths
- Group 1 fire rating
- Safe, water-based, UV cured ink
- Locally manufactured in Australia

Empire Projects Division

Empire has an experienced and dedicated Major Projects team which ensures the smooth flow of all fit-out processes.

Our Project Managers plan, organise and oversee the fit-out from sign-off through to completion.

Empire's Interior Designers will create functional spaces to meet your requirements. Our in-house studio produces a large range of resources from preliminary 2D and 3D renders of your fit-out to manufacture and installation drawings.

Well versed in working with architects, builders and contractors, we use only accredited installation teams.

With a wealth of education experience, we can project manage the entire process for you. It's time to take the stress out of school fit-outs.

Flexible Furniture For Modern Learning

The modes for future learning highlight different ways in which learning occurs. These spaces need to be flexible and adaptable, and easy to rearrange so the learners can move from an entire group setting, to smaller collaborative groups and individual settings easily.

Understanding Key Learning Styles

Independent

Learn on my Own

Independent Learning

Private learning spaces where students can think, reflect and apply their learning.

Students develop creativity and intellectual curiosity.

Based on the 'Cave' Archetype. The furniture in these spaces places emphasis on acoustic and visual privacy to help students focus on independent work.

Collaborative
Learn with Others

Collaborative Learning

Enhanced learning through group work to encourage communication and collaboration.

Students are able to share ideas and develop problem solving and reasoning skills.

Based on the 'Watering Hole' Archetype. The furniture in these spaces is mobile and easily reconfigurable to easily allow movement to different configurations.

Guided

Learn from an Expert

Guided Learning

Focused learning from a presenter whether that is a teacher or peer.

Students develop listening and communication skills.

Based on the 'Campfire' Archetype. These areas are generally furnished with soft seating but a 'campfire' configuration can also be achieved using desks and tables.

Creative
Make, Explore and Investigate

Creative Learning

Allows students to build knowledge and develop skills using creative techniques.

Allows students to develop their own unique learning styles as well as outside the box thinking.

EDCO Cantilever Chair

Modern ergonomically designed cantilever chairs absorb the bounce of active children, so teachers don't have to. The robust seat surface is easy to clean and resists scratches. The C-frame makes raising the chairs on desks and tables quick and safe.
Glides provide stability and protect floors from abrasion.

A convenient grip hole in the seatback makes carrying this lightweight chair effortless.

Comfortable Seating with Flex

Born from the collaborative efforts of architects, interior designers, educators, product designers and furniture manufacturers, Edco chairs are the result of years of research into the movements, habits, uses and misuses of students.

These insights have led to the careful selection of materials, ergonomic design and durable construction that make Edco chairs an ideal student seating solution.

Edco chairs maximise sustainability and minimise maintenance costs with replaceable glides, shells and frames.

Sturdy light metal frame

Acer Table Range

Many table settings are not adaptable to changing demands and educators are forced to work around their furniture's limitations.

It was this design flaw which inspired the innovation of our Acer Table Range. Facilitating vast permutations of table configurations in both individual and group-use contexts, our Acer Tables are perfect to liven up and improve the functionality of your space. The range includes fixed, mobile, height-adjustable and flipping frame systems, and modular top shapes that can evolve to include multiple users on demand.

The strength and flexible nature of our frame systems have enabled us to produce highly unique tables, to the extent that if you have a custom table shape in mind, we are confident our frame systems can bring your idea to life!

Check out the quality of our Acer Tables!
They're flexible and strong, perfect for sustained use in any interior environment!
Push-Pin Height Adjustable
With high-strength 1.6mm gauge steel and a high tensile push-pin system, our legs allow 5 different table height options, without sacrificing product stability or integrity. The Acer leg has a 60mm diameter (far superior to similar products at 40mm) ensuring no movement or rattle.

Mobile Lockable Wheels
Standard with mobile, height adjustable and flipping frames, our mobile castors make reconfiguration a breeze - once you've found the perfect spot, simply lock the castors and you're set!

Optional Glides
Glides can be interchanged with castors. All height adjustable tables are available with four glides or as a combination of two glides and two castors.
Top Quality Laminates and ABS Edging
Our table tops come standard with quality laminate finishes and high-impact ABS edging, to ensure that your top withstands your day-to-day activities, with little sign of wear.

The beauty is in the detail

The unique Sunrise thread decoration brings spirit to the whole design.

The insertable and moveable shared armrest enables arm support wherever you sit.

Topped off with metal legs and a coffee table, the Sunrise style exudes quality.

GREAT DIVIDER

A

Great Dividers are a brand new rolling wall system for flexibly dividing space and providing effective visual and acoustic barriers. While providing excellent space division, when not being used they simply fold up and roll away in seconds into a compact and storable unit. Great Dividers are a completely modular system allowing you to add panels to create the length of divide you need, up to 7.5 metres long.
For even longer configurations units can be ganged together.

• Dividers come in two heights: 1820mm high (6 foot) or 2438mm high (8 foot)
• Wall panels available in Blue fabric or a pair of dry-erase whiteboard
• Fabric panels are pinnable with a soft substrate, which also aids sound attenuation

A Great Divider Starter Set - complete and ready to use or ready to be added to with add-on panels

A
GREAT DIVIDER STARTER 1800
GRDSTART18.BL
GREAT DIVIDER STARTER 2400
GRDSTART24.BL

• 3 wall panels (2 x 850mm & 1 x 820mm wide)
• 2 perpendicular end panels (700mm wide)
• End panels include locking casters for added stability

B Great Divider Add-on Panel

B
GREAT DIVIDER ADD-ON 1800
GRDADDON18.BL
GREAT DIVIDER ADD-ON 2400
GRDADDON24.BL

C
• Come in hinged pairs with each panel measuring 820mm wide
• 2 heights: 1820mm high (6 foot) or 2438mm high (8 foot)

C
GREAT DIVIDER ADD-ON WHITEBOARD 1800
GRDADDON18.WB
GREAT DIVIDER ADD-ON WHITEBOARD 2400
GRDADDON24.WB

• Optional dry-erase whiteboard features a high pressure laminate dryerase surface that provides smooth writability, easy erasability and exceptional durability
• Up to 3 pairs of Add-on panels can be joined to each Starter Set to create large-format flexible walls, up to 7.5m long
• Longer configurations units can be ganged together - please enquire

We do customised lockers!

it's easier with **empire** education furniture

You can create your own unique locker installation in three simple steps:

1 Choose Locker Body

Select from 5 different locker "footprint" sizes - A series, B series (deepest unit), C series (widest unit), D series (narrowest unit), and the E series. All are available in 1-9 hinges.

A Series	B Series	C Series	D Series	E Series
A Body 450mm × 380mm	**B Body** 585mm × 380mm	**C Body** 485mm × 490mm	**D Body** 450mm × 305mm	**E Body** 305mm × 305mm
Suits the small door. Avail. 1-9 hinge	Same width as A but deeper body. Avail. 1-9 hinge	Wider body for wider door. Avail. 1-9 hinge	Narrowest body. Avail. 1-9 hinge	Same width as D but shallower body. Avail. 1-9 hinge
Choose Locker Height

Choose from 1 - 9 hinge heights. You can select how many separate lockers you want to have in a single body. Every locker body size comes in 1 to 9 hinge options.

2

All locker body footprint sizes available from a single hinge through to 9 hinges

3

Choose Locker Door(s):

Choose from 1 - 9 hinge heights. You can select how many separate lockers you want to have in a single body. Every locker body size comes in 1 to 9 hinge options.

EDU Lockers & Phone Lockers

EDU Lockers (Aus. Pat No. 2011903047) have unique advantages over lockers made from traditional materials such as wood, laminate and metal, here are some:

- UV stable with a huge range of anti-fade colours to choose from
- Lightweight & stackable so they are easy to move and install
- The lockers are made of Heavy Duty Polyethylene with a high-grade stainless steel hinge - so they are perfect for wet areas, coastal locations and the outdoors
- Quieter than metal or timber lockers, no banging doors
- Graffiti is easier to remove - no painting required
- Easy to clean and lowest maintenance, just hose them out!
- Proven strength and durability
  - backed by a 15 year warranty
- Options: Sloping top, kick base, number plates, hanging rails/hooks & USB cable

HUGE colour range!

SICO® Portable Stage Package

4 x 1800 Series 1830W x 2440L Units, Steps, Guardrails & Drapes

SICO® 1800 Series Stage

Each section of our mobile 1800 Series Portable Stage is designed to be handled and set up by just one person, creating significant time savings and minimal effort for you.

One Person Set Up

Compact Storage Profile

The Original All In One

Preferred by Australian schools for over **3 decades** for its all in one design and ease of use. The SICO 1800 Series Stage is the original all in one unit.

SAVE TIME
Time saving, all in one unit - No loose parts to assemble. One person operation - Easily rolls from storage areas out into use.

VERSATILITY
One stage, multiple configurations. From speaker platforms to a tiered riser set ups, the adjustable height option provides build in versatility.

WIDE RANGE OF ACCESSORIES
Customise your set up preferences including steps, guardrails, drapes and wheel chair accessible ramps.

SICO 1800 Series Stage Units - Standard Black Carpet		
Stage Unit Size	Unit Height	Code
1830W x 2440L	Fixed Single Height 410H	STAG1824F4

SICO® Harmony Choral Risers

Reverse Steps without Tools

These innovative risers have a quick reverse-step system that makes it easy to change your riser configuration from the tradicional semi-circular arrangement to straight or other interesting combinations without tools!

Use this feature to build unique configurations show-choir, or double-choir concerts.

SICO Harmony Choral Riser - Standard Grey Carpet		
Riser Size	Unit Height	Code
3 Step Riser	1840W x 1410D	CHOR03
4 Step Riser	1980W x 1840D	CHOR04
Side Guardrail Set (2)	Made to Fit	CHORGR01

Roll in the Risers

SICO® Harmony Choral Risers offer quick configuration changes and are easy to transport.

• Each self-contained 3 or 4 step unit rolls into place, lower the steps with one fluid motion to the floor, lock it to the next unit, and you are ready to sing.

• Contact feet prevent sliding of risers as performers move around.

• Rear security guardrails come standard and are permanently attached to the back row of each riser.

• Transport and storage is easy for staff with no loose parts to disassemble.

Citi Desks and Screens

## Creating an architecturally inspired workspace is now easier with Empire!

The Citi system offers style, uncompromising strength and practicality. The range includes everything you need for a complete office desk and storage system, including add-on elements like divider screens and cable management. Solid steel frame construction and support beams prevent bowing and ensure maximum stability. All Citi items include a 10 Year warranty.

10 YEAR WARRANTY

### 1. Determine the number of users and desk layout

Desks are available in a variety of shapes and sizes and can either be utilised as single desks or combined into a myriad of settings to suit your space.

WORKTOPS - STRAIGHT

Frames:
White   Black

2. Choose the leg system

Citi is available in standard "50/50" straight legs or contemporary "Loop" and "A-leg" frames. Full fabric panel systems can also be utilised instead of legs - these are called 'Divided' systems.
**50/50**   **LOOP LEG**   **A-LEG**

3. Determine divider screen requirements

The Citi system offers standard Citi divider screens that can be mounted on top of desks or noise-reducing acoustic solutions in the "Acoustico" screens. Alternatively, full height Citi panel screens run from the floor to above the desk, while 'Divided' panel screens go one step further and utilise screens as legs, therefore negating the need for actual 'legs' on the desks.

4. Determine cable management requirements

Soft wiring, modular wiring or 'plug & play' wiring enables the easy use and re-use of electrical wiring components when installing or re-configuring commercial office workstations without the waste associated with hard-wiring.
